Dear Reining Alberta Board of Directors,

Thank you again for your letter dated February 26, 2009. Please know the Executive Committee and Board of Directors reviewed your letter and an abundant amount of other supporting documentation regarding this issue.

Below is a statement prepared by the Executive Committee and approved by the Board of Directors at the April 4-5th meeting.

RE: Reining Canada Audit

There has been a general review of the issues raised concerning the performance of RC by some members in Canada. Comments have been received from those supporting and those not supporting its efforts.

There have been questions raised about RC not being compliant with all the required criteria in the NAA program. It has been noted that there are several other NAA's that may not be compliant with all the criteria. The NRHA was aware of most of these issues when it granted the 2009 NAA status.

The EC has not found any significant reason to believe that RC has not acted in the best interest of Reining within Canada or the NRHA. There are areas that could be reviewed and addressed during 2009.

The EC recommends that the NRHA review the current criteria for NAA approval and implement desired changes for the 2010 application process.

NATIONAL REINING HORSE ASSOCIATION

In addition, the Executive Committee asked Reining Canada to invite Reining Alberta to a meeting to address these issues.

Again, thank you for your letter and for allowing NRHA the opportunity to properly address your concerns.

If you have any questions, please feel free to contact me directly.

Sincerely,
